

How to order RoHS compliant / Pb-Free frequency control products

RoHS compliant components

All our frequency control products are RoHS compliant according to the European regulation RoHS 2002/95/EC, exemption Annex point 7.
(Load PDF)
Jauch order information remains unchanged.

Pb-Free components

Components with lead (Pb) free contact pins / pads are marked in the order information with the suffix - LF.They are RoHS compliant.

Example:
O 20,0-JO53-B-3,3-2
will be changed into:
O 20,0-JO53-B-3,3-2-LF

Additional Information

All components marked with - LF in the order information, are backward compatible - suitable for soldering systems with Pb content, soldering temperature 240°C max.
